

Department of Industrial Policy & Promotion
Office of the Economic Adviser

Discontinuation of uploading the integrated index called ‘Index of 268 DIPP items and Core Industries’

“The Office of the Economic Adviser, DIPP, has been uploading on the website an integrated index called ‘Index of 268 DIPP items and Core Industries’. This comprises of 268 items, for which DIPP supplies the data to CSO for the preparation of monthly Index of Industrial Production (IIP) and the Index for Eight Core Sectors (coal, cement, fertilizer, crude oil, natural gas, petroleum, steel, electricity). The ‘Index of 268 DIPP items and Core Industries’ is uploaded on the website, subsequent to the release of IIP by CSO.

The Index of Industrial Production (IIP) released by the CSO on the 12th of every month already contains the indices and growth rates at an aggregated level for the DIPP related 268 items as well as those belonging to Core Sector. Separately the Office of the Economic Adviser also releases the Index of the Core Sector every month. Keeping these facts in view it has been decided to discontinue the practice of uploading the ‘Index of 268 DIPP items and Core Industries’ on the website of the Office of the Economic Adviser, DIPP, with immediate effect.”
